About CIIC

The Correctional Institution Inspection Committee (CIIC) is a legislative committee of the Ohio General Assembly that maintains a continuing program of inspection of each state correctional institution used for the custody, control, training, and rehabilitation of persons convicted of crime and of youth adjudicated delinquent. Per Ohio Revised Code Section 103.73, CIIC has the authority to evaluate and assist in the development of programs to improve the condition or operation of correctional institutions.

Introduction

In 2013, CIIC implemented a written survey of the inmate population as part of each inspection, following a model established by Her Majesty’s Inspectorate of Prisons in the United Kingdom. Over the course of 2013, the survey and methodology was modified several times to address identified issues with the survey questions and to increase the number of completed surveys received. Starting in 2014, the survey and methodology remained consistent; thus, only the 2014 survey results are included in this report. The responses from the surveys were used to form part of the evidence base for CIIC’s inspection findings at each institution.

Methodology

The survey was administered at every institution CIIC inspected in 2014. The survey was administered using a systematic sampling method of inmates stratified by housing unit. On the morning of the first day of the inspection, institutional staff provided a printout of inmates by housing unit to CIIC staff. CIIC staff selected every fifth inmate on each housing list printout. CIIC staff attempted to speak to each selected inmate in their respective housing unit. Inmates present during the administration of the surveys were explained the purpose of the survey and CIIC staff provided each inmate with the survey and an empty envelope. Inmates were directed not to write their name or institutional number on the survey or envelope to ensure anonymity. After completion, inmates were instructed to place the survey in the envelope and place the envelope in a manila envelope, provided by CIIC staff, on the corrections officer’s desk or hand it to their Case Manager. CIIC staff conducted sweeps of each housing unit in the afternoon to pick up the manila envelopes on the officers’ desks. Additionally, inmates had the opportunity to return the surveys by mail, at the expense of the inmate.

Two special populations, Protective Control and Death Row, were surveyed in entirety. At the time of the inspection, Protective Control inmates were housed at Allen Oakwood Correctional Institution and inmates on Death Row are housed at Chillicothe Correctional Institution. Each inmate present at the time CIIC staff administered surveys on the Protective Control and Death Row housing units was given a survey. Inmates were provided the same directions as inmates in other housing

The following sections provide the key findings, institutional breakdown, the aggregate responses for all institutions surveyed within 2014, and also individual institutional responses. In addition to the closed questions, the CIIC inmate survey asks two open-ended survey questions at the end: (1) what is ONE positive aspect of this prison? and (2) what is the ONE change you would most like to see here? These responses are typed out and provided as part of each institutional section.

The findings are NOT representative of the total inmate population. Varying numbers of completed surveys were received at each institution. Aggregating the data found that certain inmate groups – such as white inmates, in this case – are overrepresented in
relation to the total inmate population, which will need to be addressed in future CIIC inspections. Last, as inmates transfer around the system, the same inmate may have answered a survey more than once if he changed institutions. The most that can be said is that we have collected 4,116 survey responses from Ohio inmates in 2014 and here is how they responded to each question.

Key Findings

The following findings are highlighted due to the number of consistent responses received and their alignment with CIIC staff observation on site. Considering certain questions had a majority of respondents reporting similarly, this suggests applicability to the entire population.

- Inmates feel that they have enough clean clothes for the week, they are normally able to shower five days a week, they normally have the opportunity to request and receive cleaning chemicals every week, and they feel that their housing unit is generally clean.

- Inmates are unsatisfied or very unsatisfied with the food, with the primary reason being portion sizes, followed by taste and the lack of variety.

- A majority of inmates reported that they regularly used drugs or alcohol prior to incarceration.

- Inmates reported that they had access to kites, informal complaints, and health service request forms.

- Inmates did not know who the Inspector is and do not feel that informal complaints, grievances, or appeals were dealt with fairly.

- Inmates reported that they had not had sexual contact with staff and that they knew how to report it; similarly, inmates reported that they had not had sexual contact with other inmates and that they knew how to report it.

- Inmates feel very safe, safe, or neutral in terms of safety.

- A large majority (74.2 percent) reported that they had not been harassed, threatened, or abused by other inmates at the institution, which is notable.

- The majority of inmates reported that staff had not discussed with them what programs they should be taking while incarcerated, discussed a reentry plan for them, nor did inmates know where they could find reentry resources.

1 Kites refer to a method of communication that involves a note from the inmate that can be sealed and sent to a staffperson.

² The confidence interval provides the range of values for which the reader can be 95 percent confident that a given population’s response would fall within that range. A smaller confidence interval is better. For example, if 50 percent of MANCI inmates agreed with a statement in our survey, we can be 95 percent confident that the entire population, if surveyed, would respond between 56 to 44 percent.

305. The amount of help a Case Manager provides. They should help more.
There is more than one Justice Professionalism of staff Individual TV and more outlets Guards having trouble home and coming to work with it and taking it out on the inmates Everyone having TVs on their racks. I got my level dropped from a 3 because I was good. And I feel like I got punished for it! Feeling that proper procedures are followed including but not limited to filing PREA reports through Investigator without being called a liar and receive a RIB ticket and put in the hold for retaliation and losing my job and privilege housing while nothing was done about the report and no investigation was completed.

Food quality and portions. COs not be so petty.

Reduce population Add more outlets. Individual TVs. More computer in the law library Better healthcare. They don’t care. 74. Rec yard
75. Close down!
76. Better way to stay in touch with family members by being able to use a phone when you want to. More access to telephones.
77. COs, staff, and whiteshirts can stop being so hard core and violent. If an inmate can’t get alone with their cellie, allow them to cell with who they cool with. Case Manager stop telling inmate cases to other inmates. They very racist on black and white ceiling together here at LECI.
78. Tore down
79. –
80. This place close down for good
81. The mentality of the COs. They are overly aggressive and very disrespectful. Whiteshirts are just as bad. Increase food portions.

100. The COs stop assaulting inmates. To get washers and dryers. Microwaves. To get better food. Visits to go back to 3 hours.
101. More respect from staff. Everyone here are not rapists or killers. That’s how we get treated.
102. See the doors back open so we’re not always locked down.
104. It would be a blessing if we could have more time to spend with visitors.
105. More women C/Os.
106. The staff being more of a help for me to get better instead of another judge.
107. More unity.
108. Everything. Showers, staff.
109. Vocational: cooks, construction, electric repair, typing, etc.
110. COs being more respectful. The COs are worse than the inmates.
111. I would like to see this prison closed down. It has rats and roaches.

115. Freedom.
116. To see the staff stop showing favoritism

121. Food and COs attitude changes.
122. Everything (water, cells, movement, programs, etc.)
123. Cells reconditioned
124. More recreation
125. Less [can't read] kids

129. Inmates have access to the dayrooms longer
130. A more positive and professional administration!
131. –

156. More jobs or programs for the inmates that have to set in cell all day long and get paid only 9.00 a month to live on.
157. Doors being locked
158. It's hard to do your time here due to things always changing. There's no consistency.
159. I would like to see the staff help us out more.
160. One change that I would most like to see here is that the staff here have a more positive attitude and outlook. A lot what's going on in the prison system
because right now all it does is breed negativity and hatred amongst inmates and toward staff. And that makes it hard for normal, daily operations

161. Tear Lebanon down and rebuild it

214. The law library
215. –
216. To receive better CO staff
217. Get release papers and go home
218. Less rats and cockroaches

243. –
244. A restructuring of security. Everything here is criminalized. Staff have such a negative view of inmates. We’re people too.

1. Programming/better programs/easier to get in.
2. –
3. Too much racism. Black people get favoritism!
4. More programs!
5. –
6. Courts denied to take money and state pay increased
7. That OPI or can go and do community work. If you’re a Level 1! And no sex cases! Like Pickaway!

10. Outside jobs with a farm or OPI
11. Get rid of the smokers and drug users who do not follow the rules here.
12. Bring back the previous ADW (Shuler) or assign one who is here/available and follows through on what they say they are going to do. Not much gets done for us.

13. OPI programs

14. Medical is awful, can’t keep doctors and they don’t want to spend $ on you so your problems are downplayed.

15. OPI programs!

16. My life!

17. Food menu. Heart healthy should be a choice, not mandatory.

18. Stop the drug that staff bring in.

19. –

20. Open rec 7 days a week.

30. For most of the officers to stop treating the camp like a Level 3. Not everyone here check in (PC).

32. Unit staff more approachable/responsive. Less “spin” moves.

86. Closer to home for my visits

87. It's a lot of help for people with problems who really need to get their life together.

88. Lots of programming

89. There are a lot of programs available.

90. All the programming

91. Closer to home now and cleaner than ORW.

92. –

93. Inmate participation facilitating programs.

What is the ONE change you would most like to see here?

1. That people should be allowed to give you money whether approved to visit or not.

2. The food

3. I would like our uniforms to not be made of polyester or have wool blankets.

4. The CFS employees changed; better alternate/sub choices. I don’t eat beef or turkey or chicken and allergic to soy. I have no alternative if the sub is soy therefore I don’t eat.

5. Medical

6. To be permitted to sit on the grass! Especially due to my religious preference. And if we need a copy of like our eye script, the med nurse should allow it!

7. The staff know their jobs and not the inmates. And stop taking inmates’ side because how long their stay has been.

9. I’d like the commissary to sell clean underwear/panties. Why do they sell socks and not clean underwear?

10. More programs that will help after release

11. Healthier food, more fruits, vegetables

13. A gym

14. Groups and classes take people by out date, when a lot of them will judicial out and these groups and classes will help to reintegrate back into society

15. Food – fresh veggies and fruit more often

16. Air-conditioning or cross-ventilator air
17. More programming for good days
18. Less recidivism (returnees)
19. CO not having affairs with inmates and CO doing their jobs like they are trained
to be professional
20. More ladies go home on 80/20. A/C in the summer. We have it but it runs in the
winter crazy.
21. Having God in my life and I do
22. –
23. –
24. Turn on air in building. Make it easy to get into programs
25. Smoking!!!
26. The close knit relationships of staff, unit managers, café managers, all from same
sorority, family. Staff gets away with not doing their jobs.
27. Me go home
28. Racism from black COs against white inmates.
29. Medical
30. I think that a lot of these elderly women shouldn’t have to die here and should be
at home to live their last day out with their family. Everyone deserves a second
chance.
31. Educational opportunities offered
32. Get driving simulator working. Food is terrible. Replace Aramark!
33. –
34. –

36. More programs
37. Food. Early release more available

inmates more like unit L.
40. More recovery services
41. I don’t know. I like it here.
42. I wish that each and every unit knew who they could kite for a job that they want.
43. Space availability
44. To receive envelopes from outside inmates. I have family in other prisons.
45. The visitation forms are not handled in a timely fashion
46. Longer visiting hours and phone calls. More theft programs
47. Allow longterm offenders the same chance to get into programs as short term
offenders.
48. –
49. Aramark
50. More air ventilation in these tiny dorms. It’s an oven if you have a top bunk and
no fan.
51. A little more freedom where we can run a lot more and go outside to earn a living
for Level 1 and to be treated like adults and not their children
52. All staff on one accord. One CO has a totally different set of rules than the other.
53. It was that I wanted the ankle monitors removed but that happened so I’m good.
54. No ankle monitors. Not have to wear states all day.
55. If staff get written up (especially for racial slurs) they should also be disciplined.
   We should nto feel that it is pointless to take action, just to be retaliated against.
56. To never enter these gates again. And to finally have time to obtain my GED for a better me.
57. More groups facilitated to inmates.
58. Food
59. To be able to sleep on the weekends. Less beans with our meals and more variety.
60. More programs opening quicker
61. I would like to see everyone get into groups, not just the same people, and better college level educational opportunities.
62. Food
63. Weekends should be ours to spend how we want (after jobs are done) to relax or nap, etc.
64. More food
65. Constant changing of the rules
66. Need a GED teacher
67. The food. For breakfast we only get one slice of bread and a teaspoon of peanut butter and cereal, milk. Breakfast should be a little more content. It’s the biggest meal of the day.
68. Need more groups, need more access to case managers so we can get our situation straight. Need help!
69. To be treated like reintegration women with more privileges. And not as prisoners.
70. The food and resources
71. More groups staff facilitated. More groups all together.
72. New Unit Manager
73. In the summer, it is way too hot to have on our state uniforms with no air conditioner. The change would be to be fair and give all not just 1 or 2 units a room to go in with air conditioning.
74. Food
75. I’d like to see that heartless cold Dr. [redacted] removed permanently from this facility
76. –
77. Better and bigger portions of food.
78. –
79. For the people who don’t have money sent in that there be better paying jobs available.
80. More pillows
81. Access to more groups if the class is held in the morning it should also be in the evening.
82. A helpful staff right now we don’t have one.
83. A GED teacher needed.
84. I would like to get in to classes and not have to wait a long time. Some of us have judicials and want to complete classes and programs in a timely manner.
85. Air conditioning
86. Bring back smoking
87. The food and COs.
88. More certifiable programs.
89. Informal complaints not ALWAYS going in staff’s favor
90. The food service.
91. More visitors at a visit allowed.
92. –
93. Process of how participants are chosen to do programming.

58. Drugs!
59. It’s a minimum security prison but they try to run it like it’s Level 3! No talking in chow hall always restricted movements.
60. Everyone have rec at the same time and [executive staff] gone. She is out of control.
61. Do thing a level 1 camp do. They run this camp like a Level 3. We always lock down.
62. Would like the staff to be more professional and we would like the unit staff to follow policies and procedures handed down by Gary Mohr, such as 53-CLS-01 security level decrease for lifers.
63. Better staff
64. Getting rec more
65. Food in chow hall
66. The problems with the kitchen staff and incentive pay process by Aramark
67. Fair Treatment
68. The constant verbal abuse and rule changing. One day it’s this, one day it’s that and if you ask you’re treated really bad!
69. The verbal abuse and assaults by staff
70. Job replacements/staff are very insensitive and will not help. Reint. is a joke here.
71. More vocational/skilled training educational opportunity. No classes exist here!
72. COs
73. The CO stop treating me as an animal in a cage?
74. For the administration as whole be on the same page. There’re too many chiefs and not enough Indians here.
75. Respect from staff.
76. Get what is promised to us and inmates get treated with respect we deserve. Get more vocational training in trades that can help us when we go home.
77. Phones
78. The food
79. Incentive more of them for program. Better food. Better phone service.
80. Incentives for programs. Inmates being able to leave TVs with other inmates when going home.
81. To be able to receive funds without having visit first and not having to pre-pay for phone calls.
82. Segregation
83. Overcrowded
84. Food
85. Staff that know their job and treat you like a human being not an animal.
86. Administration. Staff.
87. Recreational times
88. Better food
89. Less rules and more recreation. Fix JPay machines
90. Consistency in day to day operations. Nothing here is routine and everything changes depending on which shift is on.
91. Better food and steady rec schedule
92. The administration and the way they run chow, rec, and or the yard and how it is operated.
93. None cause I’m leaving in 7 months. I don’t care about any of this stuff.
94. –
95. An honest accounting of corrections officers and staff’s actions toward inmates. And their attitude.
96. This is a level 1 security but it is ran as though it is a Level 3. Staff are disrespectful. We are human beings. We all have faults, even staff.
97. Everything
98. All staff on the same page working together for the common goal
99. The staff to quit talking down to the inmate. We are people too!!!
100. More consistency in everything, staff, programs, rec, the inability of such makes inmate lives more difficult.
101. Some COs treat you like a piece of crap and that they’re so much better than you.
102. Food service
103. –
104. More programs
105. Don’t know just got here

119. –
120. Would like to see the MHS revise their services toward people with adjustment problems not just those on the MH caseload.
121. Movement, feel like I’m at a close camp instead of a Level 1 camp
122. The staff to be more professional and caring and not to be so disrespectful. You get what you give.
123. More stuff for people with short time
124. Change the Unit Manager [redacted]. He has a very bad attitude with all inmates. He doesn’t do his job. He will cuss at you. He is very disrespectful in general. If you write him up, there’s nothing that comes of the situation, so that’s 1 of the worst problems so far besides the food. It’s either cold or not done and not enough.
125. Meal times more consistent. Late meals result in late arrival for programs and recreation. Sometimes I’ve even missed due to late eating.
126. More freedom; access to the gym and yard.
127. See more COs and Case Managers that try to do their job.
128. Going to the chow hall on time instead of last.
129. ORGANIZATION because there is none, every aspect of the day from rec hours, yard to chow changes daily, and every CO has new and different rules to follow. CO [redacted] A2 1st shift is extremely disrespectful and hateful every single day!!!
130. The staff from [executive staff].
131. The administration is really bad. They don’t want to help us. They treat us really bad because we’re inmates. We’re all people and have rights.
132. For the institution to be more organized. Everything is completely disorganized. We are constantly cut short on rec due to chow running late. Some days they honor passes other days they don’t. It is hard to get into programs. Case Managers don’t do their jobs.

133. –

134. 1st shift CO

135. Staff or COs talk to inmates much better and get treated like adults and not kids and for people that don’t have TVs get a program for that so people can have TVs that’s eligible instead of throwing them away or sent them [can’t read].

136. Better recreation, more things like handball and availability. The COs do more than they need to do, threaten us, lock us down, talk to us badly. The COs for most part and Deputy Warden and white shirt threaten us and talk bad. The rec is always cancelled. The rec here is terrible.

137. –

156. More phones. More recreation there is none for browns.

157. –

158. Reintegration

159. Not having to live in condemned buildings. It’s bullshit.

160. That the COs would go by the rules they suppose to follow instead of doing what they want.

161. When you get milk in the mornings you don’t have to dig through spoiled milk to get it. Solution: put holes in barrels to drain excess water and milk products.

162. For the staff to be respectful and not to talk to you like you’re a piece of dirt. COs have no respect for the inmates and like to scream in your face.

163. Condemn D unit because of living conditions

164. –

165. More female correction officers.
166. More vocational programs where you don’t have to have gate clearance.

189. Job replacement. [Executive staff]
190. More educational programs
191. The one change I would like to see here is to not be discriminated against during security review because of offenses, especially if having security lowered has been properly earned.
192. Staff stop bringing bad attitudes to work with them. Stop – Stop treating me different because of my crime and race. Just do your 8 and leave.
193. Get cellphones to do away with long lines for the phone.
194. Better
195. More privileges for reintegration units
196. Recreation is always messed up.
197. More respect from staff.
198. Get rid of the snitches.
199. These surveys don’t need to be handed into anyone here.
200. The food portions. We are adults not children. And our yard time is always messed up.
201. To be treated with respect by staff and equality by staff.
202. The way it’s ran by the administration. Run like close camp. Not conducive to rehabilitation.
203. Staff makes up their own rules, long extended counts to interfere with rec meals also last forever. We get very little rec.
204. Open the yard during day when count clears and not wait for chow to finish. We’re locked down most of the day when yard should be open.
205. The COs opening and closing the yard according to how they (COs) feel. Is not right!
206. Food food food food food food food
207. Staff not so threatening or harassing inmates over petty stuff.
208. Open yard. We are all Level One!!! And it’s never open!!
209. Me leaving here for a better life!
210. Staff being more professional as far as how they talk to inmates.
211. For the COs to act appropriate and respect inmates…
212. Rec/yard time. Less controlled movement.
213. How staff respect us or basically giving us respect as men and not a animal.
214. -
215. Smoking habits/disrespect!!
216. Like to see staff quit being so disrespectful and threatening.
217. Things done on time like suppose to be. Things are different every day. Unstable.
218. To have chow and recreation run on time. Chow not to take 2 ½ hours to run because staff want to run it slow, causing programs and rec to be late.
219. –
220. Transfers
221. More time on yard rec
222. For the yard to not be split between units during evenings. And recreation to be available upon the first unit being called for chow.
223. C-D units closed to be condemned.
224. Not any corruption with the CO officers.

228. Hot vegetarian meal.
229. Food
230. More respect from staff
231. Shower sanitation ASAP
232. –
233. My absence

235. –
236. The food service needs to change. It takes too long to get too chow. We don’t eat lunch till 2 pm and dinner till 7 pm.
237. No controlled movement for recreation. This is a minimum facility.
238. Shut down
239. The way they feed us like little babies. Little portions and food with no taste whatsoever.
240. Case Manager. He should do his job.
241. Get rid of all level twos and make it a level one camp and put more focus on programs. Too much drugs here and people putting us down for being in the Oasis program.

242. Rec

243. Better accommodations for inmates attempting to do well and live appropriately.

244. The power struggle between staff/stop having split yard/ living conditions in C and D unit / make staff as much accountable as the inmates / stop making us hide how we are forced to live when the bigwigs come to inspect.

245. For staff to stop acting like all is well in front of visitors from downtown Columbus. Putting on a show.

246. –

247. Access to programs not by out date.

270. To be treated like a man and not a kid

271. More inmates receive a parole!

273. The COs will kick you out of the chow hall and refuse meals to inmates. Retaliation for questioning things.

292. –
293. I’d like to see the guards be more friendly instead of calling us names and more recreation time

3. More programs for people doing long time and let us go to school just as others.
4. To be treated by staff better especially the 5B regulars 2nd Shift
5. Medical
6. I think disciplinary punishment is unfair for example, you get caught with a bottle of wine and you can’t see your family for a year or go to commissary for a year. I know we have to be punished but I think that is extreme, also the food is terrible.
7. I would like to see way less racial discrimination by/from staff in this institution.

It's fucked up, I see idiots go home early or judicial out of here. Just to see them again another year or so. I would do anything to get out of here to my mom before the worst would happen to her.
